## Plan Changes for Health/Pharmacy

### CHIP Health Plans

CHIP members have the chance to change their health plan once each year. If you want to choose a different health plan, you can change it now through June 15, 2024. If you make a change, your new plan will begin on July 1, 2024. The health plans have the same benefits and copays, but they may have different providers.

If you change your health plan, you may need to change your doctors, pharmacy, hospital and other providers. Please contact your providers to ask if they take the plan you want to choose.

Beginning July 1, 2024 CHIP members may choose from the following health plans:
